

Chrome Olympic Curl Bar Barbell Heavy Duty EZ with Spring Collars

RRP: \$254.95

Our Chrome Olympic Curl Bar is simply the quickest and best way to build strength and muscle mass in your upper arms. If you want quick results and definition you can really see, buy this bar.

This chrome curl bar is 120cm (47") in length and accepts Olympic-style weights (not included) up to a total of 150kg. With your proper form, the design of this bar isolates the biceps as well as the forearms for an intense upper arm workout. It's a solid piece of hardware that weighs 8.2kg (18 lbs). Two spring collars are included to secure the weights.

Now the gym standard and bodybuilder favorite can be yours in the convenience of your own home. Order your Chrome Olympic Curl Bar today.
