

Modular Chrome Wire Storage Shelf 900 x 350 x 1800 Steel Shelving

Out of Stock: \$444.95

Durable, strong and versatile all describe our roomy four-shelf storage solution.

Whether you need to organize home, business, shop or warehouse, this sturdy four-shelf unit will help provide the storage solutions you need.

Constructed from Syncrosteel chrome-plated steel this handy storage unit is built to last. The wireform shelving brings an overall lightness to the unit that allows you to reposition the shelf as your changing needs demand. The classic styling of the shelving makes it a fit for any décor or purpose from storing personal items in your kitchen or garage to displaying tools in your workshop or warehouse for easy access.

You can customize the shelf height to suit your particular storage needs. The adjustable legs bring stability to the unit despite the condition of the floor beneath. The raised edges of each shelf provide security and give you the confidence that your items will stay where you put them.

Order one of our four-shelf units today and put your storage problems behind you.
