

Wooden Kids Backyard Sandbox Children Outdoor Play Toy Sandpit

RRP: \$264.95

Our wooden sandbox in your backyard and your kid's imagination will create a new adventure every day!

Your child will while away the hours building sandcastles and digging for treasure in this great addition to your backyard. This fabulous sandbox features seating that accommodates three to four children. The bench seat has a dual purpose. It lifts up to reveal a storage area for toys, shovels and buckets.

Our wooden sandbox is built to last and to withstand year-round weather conditions. It is constructed from high-quality treated Fir wood. Your kids will want to stay home and play in their sandbox instead of going to the park or beach.

Your kids will enjoy their new sandbox for years to come. And the joy they experience will leave them with wonderful memories of their childhood.

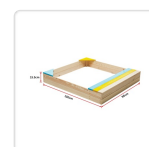

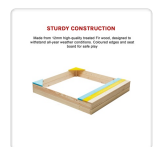

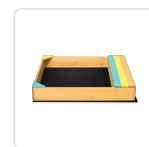

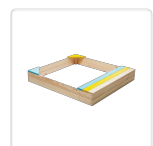

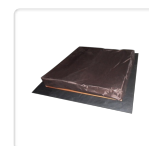

We are advocates of managed forests and the preservation our environment and therefore make our sandpits exclusively from FSC Certified Timber.
