

Indoor Magnetic Bicycle Trainer Fitness Bike Resistance Cycling Training Stand

RRP: \$359.95

This great exercise bike trainer is a must-have for any home gym!

Our great exercise bike endurance trainer is the gift that keeps on giving for all you fitness enthusiasts. You don't have to wait for the gym to open or for a personal trainer to instruct you – this great fitness enhancer is at your disposal 24/7.

This universal indoor magnetic bike trainer is suitable for bikes with 26" to 28" tires or 700c wheel sizes. This lightweight trainer is easy to set up and its folding design makes for a quick stow away. Safe to use, its wide-base design provides stability with no concerns of toppling over. Its high-quality design provides a smooth and quiet operation.

Specifically engineered for indoor fitness and endurance training, the training cycle includes seven magnetic resistance levels and simulates a variety of terrains. No matter what your specific training goal, cycling enthusiasts and cross-training athletes alike will get the work out they need. Your package includes skewer and wheel riser block. The universal seven-position fitment adjustment control mounts to the handlebars of your bike allowing for easy access.

Order this great bicycle trainer today. Bring your fitness training to a whole new level!
