

Pop Top Caravan Privacy Screen Sun Shade Side Extension 2.1 x 1.8m

RRP: \$139.95

Next time you go camping, don't forget to bring Bariloche's 2.1 m x 1.8 m Privacy Screen for your pop top.

Created to either attach to your pop-top caravan's roll-out awning (with other privacy screens) or as standalone, this roll-out awning not only provides privacy, but also protects from harmful UV rays - allowing you to enjoy the outdoors without worries.

With its water-repellent 166-gsm polyethylene screen fabric, this privacy screen also keeps raindrops from spoiling your camping trip.

Hemmed at the edges to prevent fraying, the material holds up under rugged camping conditions, while the heavy-duty D-rings stand up under hard wear over the years.

Use this privacy screen on both sides—it's completely reversible.

Features and specifications:

- Dimensions: 2.1m x 1.8m
- Material: Stainless steel D-rings and 166-gsm polyethylene fabric
- Accessories: 7 Guy ropes, 7 ground pegs, and a carry bag
- Colour: Grey
- Shade rating: 95%
- Fits most pop-top roll-out awnings
- Features: Water-repellent, well-ventilated, and reversible with hemmed edges to prevent fraying
- Compatibility: Usable with most of the well-known roll-out awning brands such as Domestic A&E and Carefree Fiesta
