

Patella Knee Brace Strap ~ Sports Support

RRP: \$19.95

Bad knees don't have to put an end to your participation in your favourite sport. When you pamper your sore knee with Randy & Travis Machinery's patellar knee strap, you can speed up your healing time, thanks to its three inbuilt compression aids—upper, lower, and side-- that encourage better circulation.

Jumper's knee, Osgood-Schlatter's disease, runner's knee, arthritis, bursitis, and more—all can benefit from this comfortable, lightweight knee strap. Breathable mesh fabric keeps you cool and dry, while its antimicrobial treatment protects your strap from odours, deterioration, and stains.

Features and specifications:
