

Modern Table lamp Desk Light Timber Base Bedside Bedroom Black

RRP: \$104.95

This lamp is the perfect addition to your desk, study, or bedroom with a gooseneck arm crafted from durable black steel and a natural wood base.

An inline switch provides convenience and control, while its neutral colour blends in beautifully with any room. Its sleek, curved lines look amazing against exposed brick and rugged timber.

Thanks to its steel and wood components, this lighting solution is durable enough for commercial applications in offices, restaurants, and bars. Its gooseneck design saves space, making it also an excellent choice for smaller rooms.

If you're looking for a versatile and industrial look for your desk or bedside, this is an ideal choice!
