

Tabletop Easel Wood Studio H-Frame Artist Art Display Painting Shop Tripod Stand Wedding

RRP: \$69.95

If you have a small studio, or if you're a beginning artist, this small tabletop H-frame easel by Randy & Travis Machinery is the perfect choice. Only 73cm tall, this easel works well in classroom settings as well as in your home.

Once you've finished your masterpiece, you might want to buy another one of these versatile easels to display it on. Crafted from seasoned beechwood timber, its streamlined good looks allow your art to take centre stage.

Its sturdy H-frame construction supports your project as you work. Adjust both the angle and the height easily to accommodate artists of varying sizes.

Only 1.2 kg, this easel is an ideal choice to take along on hikes and beach trips. You never know when nature will inspire you to take out your brushes and start painting!

For the artists among your family and friends, this easel makes a terrific gift. Its size and portability make it an excellent choice for younger artists as well.

Don't miss out on this lovely yet practical easel. Order yours today.
