

2.2m Gymnastics Folding Balance Beam Pink Synthetic Suede

RRP: \$164.95

If you have a budding gymnast in your family, a balance beam is a must. This folding balance beam by Randy & Travis Machinery is a fantastic home training aid. It's perfect for not only gymnasts but also for athletes of any kind for whom balance is a must. Gymnastics equipment is also a great addition to your family's play equipment to keep your kids active and healthy, even if they aren't training for a sport.

Crafted from pine timber, deerskin-like double-sided velvet, and a non-woven bottom, this balance beam delivers firm support and a soft surface to cushion in case of falls. It folds easily for storage, making it an ideal solution for homes with little space for a play area. Weighing only 3.8 kg, this balance beam is portable, making it easy to carry from room to room or to take along on trips.

There's no assembly required so it's a perfect choice for parents who aren't DIYers. Surprise the gymnast in your life with this balance beam for a holiday gift, a birthday gift, or just because. Order yours today.
