

12-Pack Wall Mount Garage Hooks Tool Storage Workshop Organiser Heavy Duty Steel

RRP: \$134.95

Need an efficient, yet great-looking storage solution for your garage? This 12-hook set of heavy-duty hooks from Randy & Travis Machinery is the perfect thing. Crafted from sturdy steel, these high-quality wall-mounted hooks can hold power tools, weed cutters, ladders, brooms, shovels, lawn chairs, and even bicycles to keep them from taking up valuable floor space. It's the perfect way to cut the clutter without getting rid of a single tool.

With its anti-slip PVC coating, you needn't worry about your tools falling down. These hooks are strong, durable, and will last for years. The set includes hooks in a variety of types and sizes to accommodate your tools and other belongings. There are four small U-type hooks, two small J-type hooks, two medium-sized U-type hooks, two large U-type hooks, and two large J-type hooks. They're perfect for rumpus room or shed storage, too. They're easy to install--you only need a drill and screwdriver for instant storage. Use the same fastener for both drywall and wall studs with a wide-thread screw plug for plaster or drywall and an expansion anchor for brick, timber, and concrete walls.
