RRP: \$444.95

Whether you own a clothing store or simply want to reorganise your wardrobe with top-quality clothes hangers, this set of 120 matching wooden clothes hangers from Randy & Travis Machinery is the perfect solution. Crafted from fine hardwood, and coated with lacquer, these durable clothes hangers could easily provide you with a lifetime of service. Their seamless design can help you transform your wardrobe into an orderly, well-organised space.

Notches hold clothing with straps, protecting delicate fabrics that could otherwise stretch, causing unsightly indentations. A lower bar accommodates ties, belts, or trousers, while the upper arms provide adequate support for even heavy coats. A swivel chrome hook allows you to hang up your belongings in any direction, while its rounded head reduces the chance of snags or tears. Don't wait until winter to tackle your organisation goals.
