

Memory Foam Neck Pillow Cushion Support Rebound Contour Pain Relief Health Care

Out of Stock: \$74.95

If you'd give anything for a good night's sleep, you're not alone. Fortunately, a restful night is only a click away with this comfy memory foam pillow from Randy & Travis Machinery. Its unique design conforms to your body, supporting your head and neck all night long. Wake up feeling refreshed, free from the sore muscles that come from a restless night, whether you sleep on your back or on your side.

Its secret? Its unique, upper-body-hugging design provides the ultimate in stability as you sleep, putting your head, neck, and shoulders in perfect alignment. Say goodbye to stiff shoulders, neck pain, and even snoring. Its design positions your head and neck so your jaw shifts into its ideal position, giving you a snore-free night. Memory foam adjusts to the exact contours of your anatomy, giving you a custom fit for your individual needs. Both the foam and removable cover are breathable, providing you with a cool surface that wicks away sweat to keep you comfortable all night long. It's the perfect gift – and the perfect choice for your bed, too. Get yours today!
