

Makeup Mirror With LED Light Standing Mirror Magnifying Tri-Fold Touch

RRP: \$69.95

The ideal addition to your vanity table, this LED makeup mirror by Randy & Travis Machinery will help you look model-perfect every day of the week. With 22 top-quality LED lights surrounding the mirror, it mimics soft, natural light to give you a realistic glimpse of how you look to others out on the street. It features a smart-touch function to adjust the lights' intensity to duplicate various types of lighting, such as for evenings out, beach holidays, or romantic encounters by firelight.

Its trifold design allows you to see yourself from a variety of angles, while its 180-degree swivel lets you adjust it for precise comfort. It comes with a detachable storage tray for your makeup to keep everything you need in one place. With your choice of both battery or USB power, you can take this mirror along with you wherever you go. Get yours today – and get that model look!
