

14X Pocket Hole Jig Kit Woodworking Drill Hole Locator Craft Carpenters + F Clip

RRP: \$44.95

Whether you're a professional carpentry tradesperson or a devoted DIYer, you need an accurate, easy-to-use hole locator and drill guide to create the high-end, finished look you want. This professional-grade drill hole locator by Randy & Travis Machinery is the perfect addition to your toolbox. With its 15-degree oblique angle drilling capability, you can craft furniture and other wood pieces that not only look more beautiful but also are sturdier and last longer than pieces made without oblique holes. Drilling oblique holes strengthens the connection between the various timber parts, giving you a piece built to last a lifetime.

Small in size, it fits easily into any toolbox. It's easy to use, allowing you to drill holes quickly – saving time and money. If your work or hobby involves working with wood, this tool set is a must-have. Buy one for yourself – or buy it for a gift for the carpentry enthusiast in your life. Order yours today!
