

2-Door Vertical Locker for Office Gym Shed School Home Storage

RRP: \$394.95

A great solution for those places where you need extra secure storage, the all-steel 2-Door Storage Locker is an attractive and durable addition to home, school, or office. The two vertically-stacked lockers provide ample room for any number of personal belongings, from textbooks at school to office supplies at work and anything in between.

The locker is constructed with solid cold-rolled steel plate for sturdiness and durability and comes with a 4-digit combination lock for worry-free storage.. The steel is also powder-coated to resist corrosion. The locker measures 180 x 38 x 45cm, and the maximum recommended weight capacity is approximately 30kg per locker. There are spaces designated for labels to help identify lockers, and air vents are built-in to assure sufficient ventilation.

For even more storage, consider buying two or more units, which can be placed side by side where you need them.

A simple design makes assembly easy, and your locker could be up and ready in minutes. Full assembly instructions are included.

For a handy place to store most anything that won't take up too much room, consider the 2-Door Storage Locker for you, your employees, or your students.

Features of 4-Digit Combination Lock:

When airtight security is a must, this four-digit combination lock by Salvatore Angelotti is the perfect choice. With 10,000 different combinations, trying to crack the code will be a near-impossible task! Each order comes with a master key, so you can gain access even if a user forgets the combination. Crafted from heavy-duty premium metal, this lock is sturdy and durable, making it super tough to physically crack. Moisture- and corrosion-resistant, it's an excellent lock for lockers in locker rooms with water features.

It's the ideal option for lockers in gyms, schools, hotels, offices, and other

workplaces. Use it on lockers in your garage to secure valuable tools or even in a wardrobe to keep coin collections, jewellery, or other valuables safe inside your home. Simply store the key in a secure location, and you'll have rapid access to items inside the locker if the user leaves or can't remember the combination. Keep your customers' belongings secure.

Note: Each order (not lock) comes with one master key only, regardless of how many different locker units, quantities or combinations purchased. A master key is sensitive in nature. An additional master key can be purchased on special order only. Locker assembly required; instructions and hardware included.
