

3 IN 1 Foam Plyo Games Plyometric Jump Box

RRP: \$679.95

This Foam Games Box features the same durable construction and protective padding and also has the added 3-in-1 versatility of our original wood Games Box.

Each Jump Box features foam on all six sides—making these boxes firm and secure enough to perform challenging plyometric movements, but soft enough that you won't scrape your shins on the edges if you misstep. The box can also be quickly positioned at three different height settings—20", 24", and 30". An 18-ounce vinyl is included with printed indications of which height you're using during your workout. The varying heights also make this 3 In 1 Games Box suitable for multiple fitness levels.

IMPORTANT: Foam Plyo boxes should NOT be used on any smooth flooring (wood, smooth concrete, tile, etc).

Specifications:

- Foam padding on all 6 sides
- Jump height options: 20", 24", 30" (50.8cm, 61cm, 76.2cm)
- 18-oz vinyl cover with height increment markings
- Colour: Black

Note: You will receive 1 Plyometric Jump Box
