

20kg Adjustable Rubber Dumbbell Set Barbell Home GYM Exercise Weights

RRP: \$159.95

If you love to lift weights to cross-train or just to sculpt the perfect beach body, this 20-kilogramme adjustable barbell and dumbbell set by Randy & Travis Machinery is a must-have. With four two-kilogramme weights, four 1.5-kilogramme weights, and four 1.25-kilogramme weights, you'll be able to progress gradually until you reach your goals. An extra-thick 40-centimetre barbell bar and two dumbbell bars wrapped in an easy-grip material resist slippage for a safe workout.

Crafted from sturdy materials coated in virgin rubber to protect your floor, these adjustable weights are built to last for years, even with daily professional-level workouts. Spring steel bars won't bend, while their chrome plating resists corrosion. Designed for safety and durability, these exercise essentials will be your home gym go-tos for every workout. In addition to its being a must-have for your home gym, this set makes the perfect gift for the athlete in your life. Order yours today!
