

171cm Cat Tree Trees Scratching Post Scratcher Tower Condo House - Beige

Out of Stock: \$254.95

Cats need a place they can call their own. From their instinctive need to sharpen their claws to their need for some alone time during the day, they will find a way to satisfy their needs. If you don't have a cat condo where they can play, relax, and sharpen their claws, they'll likely use your furniture and other belongings as their playground. With this deluxe kitty condo by Randy & Travis Machinery, they can keep their claws in perfect shape, get the exercise they need, and have a private space to rest and renew their energy.

Your kitties will feel like they're on holiday every day of the year with this condo. A hammock on the lower level makes the perfect spot for Kitty to relax, while multiple sisal scratching posts provide everything they need to keep their claws in perfect health. Multiple levels of platforms and ramps give your cats ample opportunities for exercise, while a partially enclosed 'room' makes an ideal getaway from the hustle and bustle of modern life. Hanging toys provide hours of entertainment for both Kitty and you. Give your furry companion the best of what life has to offer. Get your kitty condo today!
