

2x Flip N Slide Bucket Lid Mouse Rat Trap Automatic Mouse Trap With Ladder Reusable

RRP: \$69.95

Mice are adorable in cartoons, but when it comes to your home or business, they're trouble in a tiny package. With these flip-and-slide mousetraps by Randy & Travis Machinery, you can catch the little creatures without the cruelty of glue and snap traps. Just put some irresistible treats on the lid, toss some birdseed inside of a five-gallon (18.9-litre) bucket, snap the lid on top of the bucket, and install the trap along a path on which the mice travel. Then, all you have to do is relax while the unsuspecting mice drop into the bucket. In the morning, simply take the bucket outside and release the mice into the wild.

You'll never have to risk your health by touching a mouse again. Even better, you can reuse these traps as often as you need. They're sturdy, durable, and waterproof, so you can sanitise them between uses. They also work with smaller rats and other pests, so you can solve a broad range of pest problems with a single set of traps. They're safe for household pets and children, unlike spring-type and glue traps. And, if you prefer not to keep the pests alive, simply fill the trap halfway with water. Don't risk bringing pest-borne germs into your home or business. Get this two-piece set of mousetraps today!

Features and specifications:

- Set of 2
- Material: Plastic
- Colour: Black and yellow
- Diameter: 30.48 cm
- Pet- and child-safe
- Flip-and-slide construction
