

12-Door Locker for Office Gym Shed School Home Storage - 4-Digit Combination Lock

RRP: \$1,149.95

The best secured storage locker solution for your multiple user needs! Perfect for offices, dorms, gyms or spas and institutions like schools and hospitals. You can purchase additional units as the need arises and still maintain a standard look throughout your establishment.

The unit has 12 individual locker compartments stacked in a 3 x 4 grid. Each locker provides ample space for personal items – and can hold up to 30 kg. Built-in ventilations slits keep the stored items from smelling musty. Users may also customise their locker with a name tag or label in the designated slot provided. This comes comes with 4-digit combination lock to ensure safety of your belongings.

The whole unit measures 180 x 90 x 36cm and is constructed with solid, cold-rolled steel plates for strength and durability. The steel plates are not just painted - they're powder-coated for maximum resistance to rust and corrosion. Powder coating also provides that durable, smooth, attractively industrial finish.

The locker can be up and ready in just minutes, thanks to the simple assembly design.

Features of 4-Digit Combination Lock:

When airtight security is a must, this four-digit combination lock by Salvatore Angelotti is the perfect choice. With 10,000 different combinations, trying to crack the code will be a near-impossible task! Each order comes with a master key, so you can gain access even if a user forgets the combination. Crafted from heavy-duty premium metal, this lock is sturdy and durable, making it super tough to physically crack. Moisture- and corrosion-resistant, it's an excellent lock for lockers in

locker rooms with water features.

It's the ideal option for lockers in gyms, schools, hotels, offices, and other workplaces. Use it on lockers in your garage to secure valuable tools or even in a wardrobe to keep coin collections, jewellery, or other valuables safe inside your home. Simply store the key in a secure location, and you'll have rapid access to items inside the locker if the user leaves or can't remember the combination. Keep your customers' belongings secure.

Note: Each order (not lock) comes with one master key only, regardless of how many different locker units, quantities or combinations purchased. A master key is sensitive in nature. An additional master key can be purchased on special order only. Locker assembly required; instructions and hardware included.
