

Two-Door Metal Short Cabinet Shelf Storage for Home Office Gym

RRP: \$494.95

The perfect storage solution, the Randy & Travis cabinet is a versatile storage solution for clothes, kitchen ware, books, equipment and much more.

Versatility is the name of the game for this stylish new locker which features 2 shelves - making a total of 3 storage spaces for organizing and storing small and large items. Each shelf can hold up to 50kg of weight.

The cabinet is constructed from cold-rolled steel, boasting a 0.6mm thickness of the material. It is coated with a special electrostatic paint designed to offer optimal resilience against moisture and corrosion.

Equipped with two opening doors, the cabinet ensures full visibility and easy access to its interior. Additionally, for enhanced security and content protection, there is an option for locking.

A notable feature is its delivery in unassembled form, presented in flat packages. This design minimizes its volume, facilitating easy and cost-effective transportation. The package includes assembly instructions.
