

AB Power Tower Dip Chin Push Up Home Gym MultiStation

Out of Stock: \$414.95

The Power Tower is a versatile piece of fitness equipment that will allow you to do a variety of exercises for both your upper body and lower body. And its compact footprint means it won't take up too much space.

What can you do with the Power Tower? Chin-ups (closed grip and wide grip) and pull-ups thanks to overhand and underhand grip positions. Vertical knee raises. Triceps dips. Even push-ups thanks to lower grips. And the Power Tower is constructed with a heavy-duty, commercial-grade steel along with long feet for extra stability. Arm pads, back pad and grips are padded for your comfort.

Get your fitness done the right way. Pick up the Power Tower at a great price today.

Features of the Power Tower:

- *Heavy-duty steel construction
- *Great for chin-ups, pull-ups, push-ups, dips, raises and more
- *Arm pads and back pad have extra padding for your comfort
- *Multiple grip positions
