

Stainless Steel Sink - 865 x 440mm

RRP: \$729.95

Renovating your kitchen? We've got what you need with the 50/50 Double Square Cube Stainless Steel Sink. This modern sink with beautiful stainless steel is the easy way to transform your kitchen without spending a fortune. It's also great for laundry rooms.

This double sink is made from 1.2mm-thick Type 304 stainless steel with a satin finish for a brilliant look that will last and last. It measures 865 x 440 x 205mm (L x W x D) with 90mm drain openings. Two strainer wastes are included. Sinks are equally sized at 400 x 400mm. Installation is Undermount / Topmount-style.

A couple of high-quality features separate this double sink from competing products. The Undermount / Topmount is sound padded, preventing the clanging that would otherwise occur from water hitting steel. And an undercoat layer over that sound padding helps to properly maintain the temperature of the water in the sink. This undercoat also prevents water condensation that could lead to damage to your cabinetry.

Brilliant, beautiful, and made to last — you've got it all with the 50/50 Double Square Cube Stainless Steel Sink. And don't forget our everyday low price! Order today.
