Ready for the ultimate sleep experience? With the Double Spring Mattress with Luxury Topper from Palermo, you can get the luxury sleep experience you've always deserved at a price you can afford.

Palermo is a premier designer and manufacturer of luxury mattresses and bedding, and the company's attention to detail and craftsmanship comes through in every feature of this mattress. This medium-firm spring mattress offers exceptional comfort and lasting durability. It's designed for standard double beds and measures 137 x 187cm.

If you've put off buying a new mattress, now is a great time to consider a Palermo mattress. Old mattresses lose their shape, accumulate dirt and sweat, and lose their ability to properly support your body during sleep. When you buy a Palermo mattress, you will "feel like a king and sleep like a baby" thanks to high-quality materials and the latest in sleep technology.

We haven't mentioned the generous 3cm-thick mattress topper with premium quality latex, which provides even more ultra-soft comfort for a truly blissful night's sleep. And comfort isn't the only benefit to this topper. Latex is anti-microbial, hypoallergenic, and dust mite resistant. Its superior ventilation and "breathable" quality are great for avoiding discomfort from sweat or body heat, and for those who suffer from asthma or allergies.

Buy the best, but don't pay the most. You never have to sacrifice quality when you shop with us! Do yourself a favor and purchase the Palermo Double Spring Mattress with Luxury Topper today. Sweet dreams!
