

30-64" Plasma LED LCD TV Ceiling Bracket Mount

Out of Stock: \$219.95

Whether it's corners, walls which are unsuitable for wall mounts, space-saving considerations, or for aesthetic reasons, sometimes a ceiling mount just makes sense. Perfect for the home, the office, restaurants, bars, waiting areas, hotels and more, the 30"- 64" LCD Plasma TV Ceiling Mount features straightforward installation and versatile presentation options for all tv types. The mount is almost as impressive as the TV itself!

This strong metal ceiling mount in black is intended for LCD and Plasma TVs ranging in size from 30"- 64", with a maximum weight capacity of 60kg. Customisation is the name of the game when it comes to this mount. Height is fully adjustable from 950mm to 1500mm. And the bracket can also tilt forward at up to 10 degrees for the optimal viewing angle for your setup with the additional feature of 90 swivel in both directions. Common hardware and fixings are included for most installations and televisions, and easy-to-follow installation instructions also come with your purchase.

For a ceiling mount you can depend on at a price you can afford, order the 30"- 64" LCD Plasma TV Ceiling Mount today.

Features:

- Versatile ceiling mount for LCD and Plasma TVs from 30"- 64"
- Vertical tilt of up to 10 degrees for optimal viewing angle
- 90 swivel in both directions
- Fully height adjustable from 950mm to 1500mm
- Weight capacity of 60kg
- Straightforward installation with common hardware and instructions included
- Bracket width: 762mm; arm height: 508mm — ensure your television is wider and taller than that so that the brackets do not protrude
- Bracket will fit TV mounting holes with a maximum of 600mm wide and 400mm high (measured centre to centre)
