

10KG PRO Olympic Rubber Bumper Weight Plate

Out of Stock: \$184.95

The 10kg PRO Olympic Rubber Bumper Weight Plate is designed for both Olympic lifting and power lifting. It features easy-on, easy-off operation, and it will keep its look for many years to come.

The plate is made from a high-density elastic rubber which makes it extremely resilient in terms of overhead drops and other punishment. The plate is designed and manufactured by Randy & Travis Machinery, a leader in sports equipment, so it's no wonder it's built tough!

Get the superior weight plate for all your lifting. Order the 10kg PRO Olympic Rubber Bumper Weight Plate today.
