

Modular Chrome Wire Storage Shelf 450 x 450 x 1800 Steel Shelving

RRP: \$264.95

Organize your home, office, shop and warehouse. You can safely store your tools and other items yet always have them within reach.

The unique construction of our four-shelf storage unit makes it strong and durable. The Syncrosteel chrome-plated steel construction ensures its strength while the wireform shelf design provides mobility.

Whether in the shop or in your garage our four-shelf unit will help you organize your personal and professional life. The classically-styled unit will fit in anywhere.

Standard features of this four-shelf storage unit include adjustable feet to ensure stability on uneven floors. The fully adjustable shelves allow you to customize the unit to fit your particular needs. Each shelf has a raised edge so that things will stay where you put them.

Store and display your tools and other items where they will be safe, secure and ready to use!
