

Motorcycle Wheel Balancer Stand Motor Heavy Duty Carbon Steel

RRP: \$264.95

If you're an avid motorcycle rider who also enjoys a smooth ride than you know the importance of having a Motorcycle Wheel Balancing Stand! Being able to balance a bike wheel yourself is a great knowledge to have; it saves time and money. Now you can get the most accurate balance possible with this wheel balancer. The heavy duty carbon steel material finished with a durable and scratch resistant powder-coated finish will ensure the longest possible life, and having detachable side supports allows you the convenience of storing the wheel stand in small spaces when not in use. The fully adjustable centre pins and truing arm provide the most accuracy during the truing process, and the included alignment tube ensures proper installation by aligning the pins perfectly together. Make sure you're riding as smooth and balanced as possible and order your Motorcycle Wheel Balancing Stand today!
