

10m 3D Red Brick Print Theme Wallpaper

RRP: \$59.95

Add a rustic look or an urban industrial feel to your home. 3D print wallpaper can turn any surface into red brick, stone wall or rock wall. Install a white light for the full trompe l'oeil effect.

Choose a from a range of attractive designs. Our wallpaper is printed on quality PVC to help the colours pop and minimise fading. You can apply the wallpaper with normal wallpaper glue so there are no hidden costs.

All designs come in convenient 10m rolls which are 52cm wide. Simply work out the square metres of wall you want to cover and divide by the roll size. We recommend you add 15% to make sure the pattern can repeat.

Features:

Specs: 3D print in PVC paper
