

Hinged Full Knee Support Brace Protection Arthritis Injury Sports

RRP: \$44.95

With this deluxe, high-quality hinged knee full support brace by Randy & Travis Machinery, you can keep your knee stable while you participate in your favourite sport or workout. Those who suffer from arthritis, too, may benefit from this helpful support brace.

Sore knees can be a thing of the past with this knee brace, so long as you don't overdo it. With its double metal, double-hinged construction, you will enjoy both support and mobility to allow you to take control of your knee injury. Crafted from comfortable neoprene fabric, you'll enjoy superior support and warmth. Crisscrossed bands below and above your knee provide extra support, as does a patella support pad that keeps the brace wrapped securely around your kneecap. Adjustable Velcro straps allow you to customize the fit.
